Understanding land issues to engage comprehensive policy dialogue in Myanmar

Workshop on Yangon peri-urban issues
May 19th 2016

Funded by:

Livelihoods and Food Security Trust Fund

Presentation of Gret

2

- Founded in 1976, GRET is a French non-profit association, working in more than 30 countries and more than 16 thematic fields including urban development (“Cities for all” program)
- Working in Myanmar since 1995
- Currently, GRET is working in Northern Chin State, Ayeyarwady Delta, Dry zone and Northern Rakhine State in various fields of intervention: land tenure, rural development, agriculture, microfinance, and nutrition.
- Now new WASH program in Mandalay

Context in Myanmar

3 • An opportunity for dialogue

• Huge challenges ahead

• Major reforms ahead

• Need for in depth studies and for more awareness on land tenure issues in Myanmar

“Understanding land issues to engage comprehensive policy dialogue in Myanmar” project

- started in May 24th 2013
- funded by LIFT
- first started in Dry zone and Delta
- Extension with new study sites :
 - 2 peri-urban sites in Yangon and Mandalay
 - 2 upland- sites

Thank you very much.

“We also thank the European Union and government of Australia, Denmark, France, Ireland, Italy, Luxembourg, the Netherlands, New Zealand, Sweden, Switzerland, the United Kingdom, the United States of America for their kind contributions to improving the livelihoods and food security of rural people in Myanmar. We would also like to thank the Mitsubishi Corporation, as a private sector donor.”
