

CORAD (Choklei Organization for Rural and Agricultural Development)

Project title: Supporting the Food & Asset Recovery of Disaster Affected Families in Northern Chin State

Geographical areas: Hakha, Tedim, Falam and Thantlang townships

Project period: September to December 2015

Project budget: 95,999 USD

Brief overview of the project context

- ▶ Due to continuous heavy rainfall at the end of July and beginning of August 2015, many landslides happened in Chin State
- ▶ It caused destructions to road, farmland, buildings, and houses
- ▶ The damages would have a huge impact on future production available for food and for income generation. It will increase the vulnerability of poor households in the area.
- ▶ CORAD team surveys about 64 villages in 4 townships and all the villages affected in the survey used to be supported technically & organizationally by CORAD thanks to LIFT funding (see data below)
